Building the Agtegra Brand

Building the Agtegra Logo

The **A** represents 3 parties coming together - NCFE, Wheat Growers and all member-owners. The clean, geometric form invokes **strength** while also acting as a **guide**, pointing toward the **future**.

The **green** color represents **health, growth** and **strength**.

The **Agtegra** name is a combination of **Agriculture** and **Integrity** and represents our whole cooperative function, values and doing what's right.

AGTEGRA®
COOPERATIVE

The shadows represent the **support** provided to members by allowing each segment to be a **foundation** for the one above it.

The open space in the icon is **inviting**. We are **open** to new ideas, new strategic partnerships and member-owners.

The **bold**, solid font gives a **strong** and **dependable foundation** on which the icon stands.

Cooperative is **proudly** displayed. It's key to who we are.

Agtegra Cooperative is here to stay. We are building a **legacy** brand that will withstand the **next 100 years**. It is simple, clean, modern and can stand the test of time.

- The brand represents a **rich legacy** and a **future focused** on being a full-service cooperative with industry expertise and comprehensive offerings. Wearing the logo means **fully committing** to our vision and mission.
- Your **behavior** while wearing the logo can either enhance or damage the brand's image. Always strive to be **professional, approachable, humble, courteous** and **respectful**.
- Agtegra's logo is highly visible and well-known. Take **pride** and wear it with **extreme ownership** and **accountability**.
